

March 2007

CURRICULUM VITAE

Name: Cheryl Ann Winkler, Ph.D.

Citizenship: United States

Education:

- 1976 B.S. (Biology), State University of New York at Albany, Albany, New York
1981 M.S. (Genetics), University of Maryland, College Park, Maryland
1986 Ph.D. (Immunogenetics), University of Maryland, College Park, Maryland

Brief Chronology of Employment:

- 1976-1977 Research Assistant, Montgomery County Public Schools, Rockville, MD
1977-1980 Teaching Assistant, University of Maryland, College Park, MD
1980-1986 Biologist ("P" authority), Section of Genetics, Laboratory of Viral Carcinogenesis, National Cancer Institute, NIH, Bethesda, MD
1986-1987 Scientist, Intramural Research Support Program, NCI-Frederick Cancer Research and Development Center, Frederick, MD
1987-1995 Scientist, Laboratory of Genomic Diversity, NCI-Frederick Cancer Research & Development Center, Frederick, MD
1995-1997 Head, Molecular Genetic Epidemiology Section, Laboratory of Genomic Diversity, NCI-Frederick Cancer Research & Development Center, Frederick, MD
1997-2001 Senior Scientist/Head, Molecular Genetic Epidemiology Section, Laboratory of Genomic Diversity, SAIC- Frederick, Inc., NCI-Frederick, Frederick, MD
2001-present Principal Investigator/Principal Scientist, Molecular Genetic Epidemiology Section, Laboratory of Genomic Diversity, Basic Research Program, SAIC-Frederick, Inc., NCI-Frederick, Frederick, MD

Societies:

- American Society of Human Genetics
American Association for the Advancement of Science
Federation American Society of Experimental Biologists

Committees and Boards:

Executive Committee, Hemophilia Growth and Development Study III, 1996-present

Principal Investigator, Central Laboratory and Cell Immortalization Program for Family Investigations of Nephropathy and Diabetes (FIND)-NIDDK, NCI-Frederick, Frederick, MD, 2000-present

FIND Study, Genotyping Quality Control Committee, 2000-present

FIND Study, Cell Culture Committee, 2000-present

Executive Committee, Hemophilia Inhibitor Genetic Study (HIGS), 2002-present

Research Interests:

Genetics of complex traits, Infectious Diseases, Hepatitis, HIV, HIV/HCV coinfection

BIBLIOGRAPHY

Invited Talks

1. Invited Speaker, The Role of Chemokine and Chemokine Receptors in HIV-1 Infection and Pathogenesis, Kyoto University, Kyoto, Japan, 2001.
2. Plenary Speaker, United States-Japan Cooperative Cancer Research Program Symposium, National Cancer Institute-Japan, Tokyo, Japan, 2001.
3. Invited Speaker, Implications of HCV coinfection on HIV-1 Disease, Peking University First Hospital, Beijing, People's Republic of China, 2001.
4. Invited Speaker, China First AIDS Conference, Beijing, People's Republic of China, 2001.
5. Invited Speaker and Workshop presentation, 12th Hemophilia Study Update Conference, Rome, Italy, 2002.
6. Invited Speaker, National Research Council, Department of Molecular Medicine, Oxford, England, 2002.
7. Invited Speaker, Good Genes-Bad Genes: Do they Affect AIDS? Library of Congress, Washington, DC, 2003.
8. Invited Speaker and Panelist, Haplotypes in the Analysis of Complex Diseases, at Linking Haplotypes and Genetic Variation with Cancer Workshop, Bethesda, MD USA, 2003.
9. Invited Speaker, Role of host genetic factors in HIV-1 pathogenesis, Johns Hopkins University Bloomberg School of Public Health, Baltimore, MD, 2004.
10. Invited Speaker, AIDSVAX Specimen Workshop, NIAID, NIH, Bethesda, MD, 2004.
11. Invited Speaker, The Fifth Annual Genetics Symposium: Dissolving the Dogma. Vanderbilt University, Nashville, TN, 2004.
12. Invited Speaker, The International Meeting of the Institute of Retrovirology, Baltimore, MD, 2004.
13. Invited Speaker, The 2004 Workshop on Disparities in the HIV Epidemic. Meharry and Vanderbilt Universities, Nashville, TN, 2004.

14. Invited Speaker, AACTG-CAB Meeting, Baltimore, MD, 2004.
15. Invited Speaker, 15th Annual Hemophilia Research Study Update, San Juan, Puerto Rico, 2005.
16. Invited Speaker, Role of Host Genetic Factors in HIV-1 Infection and Progression, Botswana-Harvard Partnership, Gaborone, Botswana, 2005.
17. Invited Speaker, Host Genetic Factors and their role in HIV-1 Infection and Progression, ISAB Meeting: Population Genetics and HIV-1, Africa Centre, Mtubatuba, South Africa, 2005.
18. Invited Speaker, Influence of Host Genetic Factors on HIV Disease. Post-Genomics Technologies Applied to AIDS Research. CFAR Mini-Symposium, University of Washington, Seattle, WA, 2005.
19. Invited Speaker, Factors Predisposing to Inhibitor Development in Hemophiliacs: Strategies to Identify Genetic Factors. Den Translationella Forkskningens Dag, University Hospital at Malmö, Lund University, Malmo, Sweden, 2005.
20. Invited Speaker, Host Genetics and HIV, Botswana Harvard Partnership, Gaborone, Botswana, 2005.
21. Invited Speaker, Clinical Application of Genetic Research in HIV and AIDS, Princess Marina Hospital, Gaborone, Botswana, 2005.
22. Invited Speaker, Genetic Factors Influencing the Development of Antibodies to Factor VIII, Hemophilia and Hemostatsis Society, Saratoga Springs, NY, 2006.
23. Invited Speaker, Host Genetic Factors in Innate Immunity Genes and their influenceon HIV Infection and Progression, KwaZulu Natal University, Durban, South Africa, 2006.
24. Invited Speaker, Spectrum Lecture Series: The HIV Pandemic: What can we learn from viral and host genetic variation, Montgomery College, Germantown, MD, 2006.
25. Keynote Speaker, Patterns of Diversity Among Genes that Influence HIV-1 Infection and Progression, EB & FASEB MARC Genomics Symposium, Health Disparities in HIV and AIDS: Genetic and Therapeutic Implications, Experimental Biology Annual Meeting, Washington, DC, 2007.
