REVISION ##	DATE	REVISION DESCRIPTION	DRAWN BY	DESIGN ORIGINATOR	CHECKER	APPROVER

SAIC REVIEW\*

\*SAIC signatures do not constitute acceptance or approval of design details or material selection identified on this document and does not relieve the creator of this document from full compliance with contractual obligations.

- 1-To be completed by the architect engineer
- 2- To be signed and dated by the appropriate FME discipline and Verification Quality Assurance. The Lead Engineer for the Scope of Work will determine the involvement by placing a check mark in the column identified as "YES" or "NO" under the "REVIEW" block. When the check mark appears in the "YES" column, that specific organization is to sign and date the drawing.
- 3-To be signed and dated by the Project Manager
- 4- To be signed by the Contracting Officers Technical Representative
- 5-To be signed and dated by SAIC Safety
- 6-To be signed and dated by the SAIC Requestor
- 7-To be signed and dated by the Manager of Engineering
