

## SUPPLIER QUALITY SYSTEM REQUIREMENTS (GROUP I)

Provide one copy of:

- Certificate of approval or Quality System with bid

### QUALITY SYSTEM REQUIREMENTS

All Suppliers shall have a Quality Management System that complies with the applicable requirements of ISO 9001:1994.

FME reserves the right to evaluate the Suppliers Quality Management System Documentation and to decide if the system meets the requirements of the technical specification or purchase request. FME reserves the right to carry out appraisals and Quality Audits of the Suppliers Quality Management System, at any time during the period of the contract, to verify compliance with, and maintenance of the quality system requirements.

### DOCUMENT DEFINITION AND REQUIREMENTS

**CERTIFICATE OF APPROVAL:** A valid certificate of approval of the Suppliers Quality Management System by an organization accredited by the National Accreditation Council for Certification Bodies (NACCB).

**SUPPLIERS QUALITY MANAGEMENT SYSTEM DOCUMENTATION:** Documentation that fully defines the Suppliers Quality Management System in accordance with the appropriate elements of the ISO 9001:1994 requirements. It shall include all the modifications required by FME during the evaluation process, and shall be revised as necessary to keep the Quality System effective.
