

SAIC-Frederick, Inc.
High-Risk Travel Area Acknowledgment
(To be signed at security briefing 1-3 days before departing)

In connection with my travel to _____, I hereby acknowledge that there may be danger of serious harm to me due to current political, social, and economic conditions there and that the U.S. State Department includes this location as requiring special precautions and considerations and I understand all the risks associated with that travel. I further understand that I will be working in an area where quality emergency medical care is not available and conditions of living and sustenance are extremely austere. *

I recognize that this international assignment and travel have the potential for safety risks which require prudent and responsible behavior on my part and I have received a security briefing by the Protective Services Department. I voluntarily accept this assignment and agree to abide by all laws and rules as well as any specific instructions which may be provided to me by SAIC and/or the customer for my safety and well-being. I further understand and agree that if I do not comply with the instructions given to me during the briefings, at any time during my travel, I will be subject to disciplinary action up to and including termination.
